David,

Would it be possible to set up a meeting with Adam Ellison, Jamie Stowers, you and me to discuss this? It may be good to have Heather there also.

Mr. Roundy,

Out of an abundance of caution, and in light of your indication that you are conferring with legal counsel regarding potential claims against the City, I will not be providing any further comment or communication to you at this time. I also respectfully request that you to refrain from any further attempts to call or leave me messages, as I will not be engaging further with you at this time.

This does not affect your rights under the Government Records Access and Management Act (GRAMMA). You may continue to submit records requests through the City's designated process. All such requests, including any related appeals, will be handled in accordance with GRAMMA requirements.

Sincerely,

Brad Frost | Mayor
American Fork City

Subject: RE: [EXTERNAL] AFPD Records Request

Thanks Jamie!

The requests haven't been fulfilled. I requested the audit logs and systems logs (the full audit trail), but was given a change log audit report as though it was an audit log. Although the county provided the record in Excel and PDF formats at the same time earlier this month, I was given the Excel version. When I submitted another GRAMA request, I was given the same log in PDF format as though it was an audit log—and as though it was something different—which it's not.

I also requested the audit trail and draft copy of the citation for case 25AF02642. I was previously told there are no logs whatsoever, despite the fact a citation was created and printed. At 22:25, Joshua Jensen received communication from someone, and told Bronson Kitchen that if he hasn't already, he can duplicate the weapons offense in with the harassment. Later, the supervisor, Quinn Adamson, suggested adding a charge of obstruction, which Kitchen agreed to do—saying, "absolutely, I'll add it." He was then seen on his phone, which appears to be texting. You reported he wasn't texting—instead, he was looking up the code for the obstruction charge. He was then seen in his car adding the charge. He and Jensen were seen on body cam shortly after with Jensen leaning inside his car and holding his phone—Kitchen touching and scrolling through Jensen's phone screen. I asked for those records as well, but have not received them. I was told the citation that was printed—the original charge was for obstruction, and was going to be used to bust into our house and issue it to my wife—was shredded. Despite the destruction of records, there would still be an audit trail, which I've repeatedly asked for. If there's not an audit trail, there should be a good explanation for why evidence was tampered with. If the items I asked for aren't going to be given, I would like a denial letter.

When I submitted a 3rd GRAMA request with AFPD, I also submitted a GRAMA request with the county for the Spillman records. I received the notice below that I need to obtain the records from AFPD. So I'm requesting again for the records I'm seeking. If I'm being denied the records or if AFPD claims they don't exist, then I would like a denial letter and an explanation for why records that should exist, don't exist. I shouldn't be given the runaround, but I understand why I have been—because it's going to create some problems in AFPD. Tampering with evidence and obstructing justice by delating and hiding records is only creating more problems for them. Tampering with evidence and obstructing justice are not good things by themselves, but when they're done to cover up misconduct, surely it's worse.

I apologize if I'm coming across rude. It's been 3 months since I requested every single record related to this case. I've appreciated your polite and professional way of handling my requests. There are still other records in existence that I've requested and would like to receive. Whatever communication needs to be done with the county or others to obtain the records, I'm asking for that to happen, so I can receive them. I'm not going to give up until I have the records and until there's accountability and change in AFPD. Officers called, then came to our home, where they harassed, intimidated, created false charges as

a way to try and get into our home, and had a standoff outside our home that lasted over 20 minutes. Their standoff could be considered could be considered unlawful detention or false imprisonment. Our doorbell camera captured them shining flashlights in or windows and Joshua Jensen can be heard saying, "I see you" as they shined them. Richardson was captured on our doorbell camera, saying, "we're not gonna leave." One of their patrol cars is seen on camera blocking our drive way. Inside our home our kids were terrified and crying. Our oldest daughter who recently returned home from a church mission was crying and can be heard on my 911 call with dispatch, saying, "I don't want to die." The officers did harm to my family, so I'm not going to let them get away with it again. I already have a really good case with the records I have, but I want the rest. I'm sure you all have a good idea what I'm going to do once I have the rest of them. Please work with the county and provide the public records I've been seeking.

Thanks again for your help!

Eric

This is the denial notice from the county:

Record request #25-1984 has been closed. The closure reason supplied was:

After further investigation, we have determined that Utah County does not maintain the records you requested. We suggest you submit a public records request to the governmental entity that originally created the record and would maintain the record currently. American Fork Police Department would maintain any responsive records associated with your request.

For a listing of Utah government agency records offices visit <https://secured.utah.gov/ut-archives/Forms/Page/ut-archives/orp/0>.

NOTICE OF RIGHT TO APPEAL: You have the right to appeal this response. The appeal must be in writing, reference the request number, and state the grounds for the appeal. The appeal should be filed with the Utah County Administrator within 30 days of the denial at recordsappeals@utahcounty.gov or mailed to Utah County Administrator, 100 East Center Street Ste HCH 317C, Provo, Utah 84606. The appeal will be reviewed pursuant to Section 2.03.080 of the Utah County Code.

Subject: Re: [EXTERNAL] AFD Records Request

No problem at all Eric! I'm happy to help!

For clarification, Joshua Jensen was checking the CAD and call volume at 22:25, not "communicating" with anyone via text. He made an outgoing call to Sgt. Adamson on 3/21/2025, at 22:29. We have provided you with all supervisor and officer text messages and emails.

Regarding the supervisor communications from 3/21/25 through 4/28/25, yes, there was only one text total from all of them which I have sent you. There are no other communications via text or email between officers or supervisors subsequent to the date of the call, or during the 5-week period.

Your request has been fulfilled with the text, emails and documents we do have; therefore, a denial letter will not be sent. We are not "denying" your request for further information. Further information simply does not exist.

We have also provided all documents that County has provided to us as well. As a result, no denial letter will be sent for the audit trails.

I hope the information we have given is helpful to you!

Have a wonderful weekend!

Subject: RE: [EXTERNAL] AFPD Records Request

Hi Jamie,

Regarding my request for Joshua Jensen's texts or whatever communications he was sending and receiving at approximately 22:25 on 3/21—I'm seeing the records from 22:25, not 22:29 as stated in the response: "Joshua Jensen made an outgoing call to Sgt. Adamson on 3/21/2025, at 22:29 that lasted for approximately one minute. That phone call was not recorded." It's evident that Jensen was communication with someone through his phone—and not speaking on the phone since his microphone was turned on and he wasn't talking.

And regarding the supervisor communications from 3/21/25 through 4/28/25—there was only one text total from all of them? The text we have is the one from Archuleta to Adamson, that talks about my wife as a known subject and tells him Kitchen is on his way over to likely issue a disorderly conduct citation. There are no other communications from supervisors during that 5 week period? If not, could that be included in the formal denial notice.

I apologize for being difficult.

Eric

Subject: [EXTERNAL] AFPD Records Request

Hello there!

Thank you for your response about calling and making the payment.

I was able to intercept your payment for the audit logs. Your card will not be charged! 😊

Again, I am so sorry about that!

Thank you so much for your patience while I gathered this information pertaining to your request.

As far as dispatch logs, radio recordings, etc., those will need to be requested at Utah County Dispatch. We do not have access to their records, recordings, etc.

We have already provided you with all supervisor and officer text messages and emails, so they will not be resent. Phone calls are not recorded, therefore, unavailable to send.

Joshua Jensen made an outgoing call to Sgt. Adamson on 3/21/2025, at 22:29 that lasted for approximately one minute. That phone call was not recorded.

After speaking with Officer Jensen today, and reviewing bodycam footage from 3/21/2025, it has been confirmed that he was in fact, not texting, but checking the CAD and call volume as they were shorthanded that night, and calls were backing up.

During the timeframe questioned, Officer Kitchen was on his phone as well. It has been confirmed that he was also not texting, but on the Utah State Legislature website verifying Code information regarding the considered citation.

The information on his computer screen that they were discussing was the citation before and as it was printed.

I have attached to this email the audit trails provided for case number 21AF03612 and case number 21AF03646 in their original provided format.

No records have been deleted. There was a citation printed for case number 25AF02642, then shredded because the officer's and supervisors decided not to issue it to Mrs. Roundy. There are no records or recordings regarding the shredding of the unissued citation.

I hope this information is helpful to you, and hope you're having a wonderful week!

Thank You!

Subject: RE: GRAMA Appeal
To: Roundy, Eric <[REDACTED]>, Cameron Paul <cpaul@americanfork.gov>, Brad Frost <mayor@americanfork.gov>

Mr. Roundy

This communication responds to your appeal made on July 7, 2025, to the Chief Administrative Officer of American Fork City related to the records request dated 6/20/2025.

Spillman Information/Data

The records request for "the full audit trail and system logs from Spillman Records Management System regarding the citation created for case 25AF02642 and for case 21AF03612/21AF03646, including the metadata showing creation, access, edits, and deletion events—along with user IDs and timestamps including any draft copies of the citation" has been reviewed.

After reviewing the information requested as provided in the records request, I concur with the records specialist that the City is unable to provide you with the records requested. The City does not maintain the requested record(s). As such the City is unable to provide the requested record(s).

Supervisor Communications

Additionally, the request for "all supervisor communications regarding case 25AF02642 and for all other supervisor communications from the date of the incident, 3/21/25, through 4/28/25." has also been reviewed.

All records pertaining to this request have previously been provided. No additional record(s) were found in response to the request. As such the City is unable to provide additional record(s).

As the Chief Administrative Officer for American Fork City, I have reviewed your appeal and herewith respond to your request for relief.

Appeal

An appeal of this decision may be submitted as follows: (1) to the Director of the Government Records Office, as provided in Utah Code Section 63G-2-and 403; (2) to the district court as provided in Utah Code Section 63G-2-404: or (3) a request for mediation submitted to the government records ombudsman as provided in Utah Code Section 63A-12-204. Appeals of the decision of the Chief Administrative Officer must be filed within 30 days of this decision.

The name and address of the Director of the Government Records Office and Government Records Ombudsman is as follows:

Lonny Pehrson

Director, Government Records Office
346 S. Rio Grande
Salt Lake City, UT 84101-1106

Monica Minaya

Government Records Ombudsman
346 S. Rio Grande
Salt Lake City, UT 84101-1106

Thank you,

David Bunker | City Administrator
American Fork City

P (801) 763-3000

From: Roundy, Eric <[REDACTED]>

Sent: Monday, July 7, 2025 10:56 AM

To: Cameron Paul <cpaul@americanfork.gov>; David Bunker <dbunker@americanfork.gov>; Brad Frost <mayor@americanfork.gov>

Subject: GRAMA Appeal

To The Chief Administrative Officer,

I'm formally appealing the denial and/or failure to receive the public records I requested regarding cases 25AF02642 and 21AF03612/21AF03646. I have been requesting the records since 3/24/2025. Please see the attached GRAMA request from 6/20/2025—which was my 3rd request.

I am no longer in need of radio dispatch recordings and logs, or the CAD system logs and notes since I obtained them from Central Utah 911. I am still in need of the other records I requested. As requested, I would like the full audit trail and system logs from Spillman Records Management System regarding the citation created for case 25AFAF02642, including the metadata showing creation, access, edits, and deletion events—along with user IDs and timestamps. Please include any draft copies of the citation. Please provide this information in the original format. I am requesting the same records for case 21AF03612/21AF03646. Regarding case 21AF03612/AF03646, I was given a Change log audit report as though it was a full audit trail—which it's not. I've requested the full audit trail, which should also include deletion events and the draft copy of citations (including the deleted citation from 5/3/2021).

I requested all supervisor communications regarding case 25AF02642 and was only provided one single text, which was a text message from Ryan Archuleta to Quinn Adamson, perpetuating the false report received. Archuleta advised that Bronson Kitchen was on his way to our home to likely issue a disorderly conduct citation to my wife based on the report from the woman who wasn't even there. I've asked for all other supervisor communications from the date of the incident, 3/21/25, through the date the retaliatory "investigation" was completed, 4/28/25.

I also requested Joshua Jensen's texts or whatever communications he was sending/receiving as seen on body cam footage at approximately 22:25 on 3/21/2025, as well as the electronic records Jensen and Kitchen were reviewing at approximately 22:33 on the same date—which is also captured on body cam footage.

Thank you in advance for your timely consideration of this matter.

Eric Roundy
